Calgary, August 26 1997

Mr. Dean Ewtushik;

On behalf of all of our members, we would like to thank you for speaking to our club about your experiences as a magician. We all thoroughly enjoyed hearing about how you began your hobby and turned it into a profitable experience. It is very evident that you really love what you are doing as you were able to reach out and interact with our members with your stories and illusions. We all thought your talk was very interesting and you are definitively at the top of our list for guest speaker, even though you wouldn't let us in on your secrets !

The impression you have left on us will last a long time and we are sure our members will gladly let other people know about Deano the Magic Man. Thanks again !

Yours sincerely,

Yvan Botteron
President
