Dear Dean,

I would like to take this opportunity to thank "Deano the Magic Man" for entertaining our associates and their families during our Christmas party.

Our intention was to have Deano entertain approximately thirty children while the parents took this opportunity to enjoy some wine and cheese. The dynamics of our party changed very quickly, however, as the cheers and applause in the next room drew more and more of the adults to Deano's show.

I received many positive comments from both young and old that they were privy to some first class entertainment.

I would have no hesitation whatsoever in recommending Deano the Magic Man for any event or party.

Yours sincerely

Roger G.T. Broeke
